Note

The papers received from the Senior Surgeon with his letter No 3142 of the 4th Dece, 1901, shew that one P. Narasimhalu Naidu was, prior to his joining the Mysore Service, the 2nd Steward in the General Hospital, Madras; that he obtained furlough and joined the Mysore Service as the Steward of the Victoria Hospital at Bangalore; that his furlough expires on the 13th December, 1901; that he has put in 14 years' service in the Madras Govt; and that he wants to have that period of his service counted towards pension. In the letter, the Senior Surgeon reports that the Steward has done satisfactory work in the Hospital since his entertainment, which was nearly

nearly a year ago, and that the Surgeon in charge is anxious to retain his services, and requests the Govt to refer the case of the Steward, to the Govt of Madras as advised by the Comptroller, so that the Steward might not lose his pension under the Madras Govt. By saying so, the Senior Surgeon perhaps means that the Durbar should apply for the loan of Narasimhalu Naidu's services. The pay of the Steward in The Victoria Hospital is Rs. 80/- with free Quarters.

Note

The loan or transfer to the Mysore State of the services of officers of the British government is regulated by the ~~the~~ Rules in chapter XXIII of the Mysore Service Regulations, which are based on the corresponding British Rules. The services of the Steward, P. Narasimha Naidu, can, under these Rules, be obtained either on loan for a term of years or absolutely, if the following conditions laid down in article 411 are satisfied:—

(1) That the service required of him is one which it is advantageous

for public reasons (and not merely in the interests of the official) should be provided for by a servant of the British Indian government: [All that Dr: Sir Smyth says of Narasimhalu Naidu is that "it is absolutely necessary to retain his services" and that "he knows his work thoroughly having had a training such as he could get only in the General Hospital, Madras." This statement of the necessity for his services will have to be embodied in our letter to the Residency]

(2) That the transfer is made with the consent of the government of India in the Foreign department.

(3) That (as he does not belong to certain specified services) he has ten years' quali-

- fying service. [The Senior Surgeon's letter of 4th Dec'r No 3142 shows that C. Nara. - simhalu Naidu has over 12 years' service in Madras]

(4) That his pay (as he does not presumably belong to a graded service) shall not exceed by more than 25 per cent his British pay, i.e. shall not exceed Rs 62 1/2 [The pay proposed for him seems to be Rs 80/- with free quarters.]

If Narasimhalu Naidu does not elect to resign the British service, and if his transfer to Mysore service is sanctioned by the Government of India in the Foreign Department; the contribution towards his leave allow - ances and pension will

Rs 50 at time of transfer.

will be payable as prescribed in article 414 -

It is hardly worth the while of any moving all this machinery to get the services of this person. May the Senior Surgeon be informed that Govt is not disposed to apply for sanction of the G. I. that of the Service is so essential, he may be taken if he says no says his service there.

Trial orders have been passed already to the effect that such an arrangement is not feasible.

Subd with the file of precedents. There is nothing in this file that will help the present Case: the only way

way in which the Steward can have his 14 years' service under the Madras Govern[t] Counted towards pension is by the Durbar applying to the Govern[t] of India for the loan of his services and by paying Contribution under the Rules. Such a Course has been already decided by Govern[t] to be not expedient in the Case of P. Narasimha Naidu. Please see paper S. No 4.

In this office docket-No 7212/mis 680 dated the 19th September, 1902 (S. In reply, the Senior Surgeon has forwarded docket-No 5-59 dated the 25th idem from the Surgeon in charge of the Victoria Hospital, in which that Officer states that it would hardly be possible to get a trained man and that the present Asst Steward is too old and would never do to act as Head Steward.

In this Office letter No 9160/G.J 25-97 dated the 28th November, 1902, the F.A. to the Resident was requested to obtain the loan of the services of P. Narasimhalu Naidu for 5 years for employment under the Durbar as the Steward of the Victoria Hospital on Rs: 80/- per mensem with free quarters. In this reference, the F.A. to the Resident replied that there was no objection to Narasimhalu Naidu taking employment in the Mysore State, but that the case hardly appeared to be one in which the Resident was justified in asking the Madras Govt to lend Narasimhalu Naidu's services to the State. This reply was communicated to the Senior Surgeon in this Office docket No 1210/K mis 1949 dated the 19th February, 1903.

With his present letter No 9382 dated the 15th April, 1903, the Senior Surgeon submits for the sanction of Government Copy of letter No 1491 of the 28-2-03 from the Surgeon in charge of the Victoria Hospital, in which that Officer states that in case Narasimhalu Naidu resigns the Madras service he will forfeit all his claim for pension from the British Govt, and that in case he elects to serve the Mysore Govt, he will on the attainment of 65 years (his prospect of life) be a loser of about Rs: 1500/-, and to save him from this loss, requests that

that the stewardship of the Victoria Hospital be made a Graded one, i.e. rising from Rs 80/- to Rs: 100/- by an annual increment of Rs: 5/- Commencing from 1st July 1903.

This official is reported to be very useful - It is further stated that he has been specially selected from Madras on account of his past experience and that he cannot easily be replaced in case he should go back. He loses 14 years' Service if he resigns the Madras Service - The increase & increments proposed are slight - Under these circumstances the Surgeon recommendation may be sanctioned

on the District understanding that N. Naiku resigns the Madras Service & does not hereafter claim any Official consideration on the ground of the loss of his British Service - The increments may be given & date from the beginning of the next Year -

In Govt Prop No G 182-3 dated the 16th July 1903, sanction was accorded to the pay of the Steward of the Victoria

Victoria Hospital being raised from Rs 80 to Rs 100/- by annual increments of Rs. 5/- with effect from the 1st July, 1903

Under the above order, the Surgeon in charge sent to the Comptroller for audit a supplemental bill for the month of July 1903, for the Stewards' 1st increment of Rs 5/- for that month, But the Compte returned the bill unaudited, as under article 103 of the Mysore Service Regns, the Steward should begin with the minimum pay and render one year's service before he becomes eligible for the increment.

In forwarding the above unaudited bill the Offg Senior Surgeon states that what was sanctioned by Govt in their order of the 16th July, 1903, was his recommendation that the increase should begin on 1st July 1903 and requests the issue of needful instructions to the Comptroller on the matter

Sir,

I have the honor to report that Mr. P.Narasimhalu Naidu Steward to the Victoria Hospital is reported to have performed his duties satisfactorily since hisentertainment nearly a year ago and that the Surgeon in charge of the Victoria Hospital is anxious to retain his services.

2. When Mr.P.Narasimhalu Naidu was first entertained he was 2nd Steward in the General Hospital Madras where he had served for over 12 years, and had accordingly put in a good many years of service for pension. I am anxious now that some arrangement could be made to secure him the pension he would have earned had he continued to serve in Madras instead of having his service transfered to the Government of Mysore. I am advised by the Comptroller that the matter should in the first place be referred to the Government of Madras (Vide his letter No. 2804/226 of 2-11-01 enclosed) and I request that this be accordingly done, for I am most anxious that Mr. P.Narasimhalu should not lose his pension.

Sir,

I beg to bring to your kind notice that after having served under you as steward in this hospital for the past 8 months, I am anxious to be made permanent provided you are satisfied with my work and if I should be fortunate enough to have my services of 14 years in the Madras Government counted towards my pension. This procedure is not without precedents, as it is permissible both under Mysore and Madras Service Regulations, in either of the two ways mentioned below:-

(1st) By paying to the Government of Madras a certain contribution on the pay I was drawing under Madras Government.

(2nd). By asking the Government of Madras to bear at the time I retire, a proportionate charge in my pention for the service rendered under it.

If you are pleased to lay my case before Government, my services may be kindly asked to be transferred from 16th December 1907 (the date on which my furlough under Madras Government expires.)

SIR,

In reference to your No: 1757 of 18.9.07 forwarding a copy of application from P. Narasimhalu Naidu, Steward, Victoria Hospital, and requesting to be informed whether the applicant would be entitled to pension under the conditions stated in the application in the event of his service being transferred from Madras Government to Mysore, I have the honor to state that the question is one which should first be referred to Government under which the officer has been serving. I may, however, refer you to articles 802, 803 & 806 of the British Civil Service Regulations.

Sir,

The British Service Regulation is herewith submitted duly marking the articles.

To

The Surgeon in charge,
Victoria Hospital
Bangalore.

Sir

In continuation of my petition of 31.8.07 in regard to the transfer of my Services from the Madras to the Imperial Govt, I respectfully beg to state that in order to keep alive my claim for pension, contribution has to be paid to the British Govt under the Civil Service Regulations; but the payment of such contribution will only entitle me to the pension on the pay that I may be drawing from time to time if I continue my Service in the Madras Govt, and such a rule will cause much hardship in my case. The Hospital

is already growing in importance and many patients resort to it, and my duty is becoming more and more onerous and responsible. I am therefore fully confident that you will be pleased to increase my pay from time to time according to circumstances, but under the rules quoted above, I regret to state that such hand-earned increase of pay will not count towards my pension. As some special arrangement is necessary to mitigate my hardship I, with great deference, solicit that you will be so gracious as to move the Emperor Court to grant me one of the following concessions:—

(1) My pension may be apportioned between

the

the Mysore and Madras Govern-
ments according to the Rule of
Proportion, as is done in the
case of officials who were
transferred from Mysore to
British Service or from the latter
to the former before the Rendition
or according to the Special
arrangement made in the
case of Mysore Amelé officials
who have been transferred from
Mysore to British Service,
subsequent to the Rendition.

(2) The Mysore Govt will
grant pension on the difference
between the pay I shall
be actually drawing in the
Mysore Service and that on
which the Madras Govt will
accept contribution.

(3) The Mysore Govt will
add my pensionable
Services in the Madras Govt
to that in Mysore.

I beg to remain

Sir,

I have the honour to forward letter No S.O 23 of 2.8.02 from the Principal Medical Officer General Hospital, Madras, in which, he expresses his desire that Mr Narasimhalu Naidu, Steward of this hospital should revert to his appointment in the General hospital Madras if he has not been made permanent here.

You will see from the Govt Proceedings No 147-43/6.2 25-97 of 6.3.02 that in reply to your letter No 3780 of 15.1.02 Government decided that it was inexpedient to apply to the Govt of Madras for the Steward's service, and suggested his resignation

I have the honour to forward letter No S.O 23 of 2.8.02 from the Principal Medical Officer General Hospital Madras, in which he expresses his desire that Mr Narasimhalu Naidu, Steward of this hospital should revert to his appointment in the General hospital Madras if he has not been made permanent here.

resignation of British Service and his appointment permanently here. This could of course be very easily done. At the same time from previous correspondence between your office and Government, it was pointed out how the Steward's Services might be retained here and yet leave his previous Service under the British Government count towards pension. The Steward is near 40 years old and had 14 years Service in the General Hospital, so it appears to me it would be a great hardship to him if his previous Service should not count for pension, and he should have to begin in the new a fresh Service for pension. I have the honor to invite your attention once more to this matter in the hope that the usual steps may yet be taken to secure that the 14 years Service spent in British Service may reckon as Service for pension.

Narasimhalu Naidu's services and as consequently in case he resigns the Madras service

he

he forfeits all claim for pension from the British Government, that some prospect of increase of pay held out to him in case he elects to serve the Mysore Government, I have calculated that if he serves here under present conditions of pay he will be a loser on the attainment of 65 years (his prospect of life) of about Rs. 1500/-. If Government would be pleased to make the appointment a graded one i, e., rising from Rs. 80/- to Rs. 100/- by an annual increment of Rs. 5/- commencing from 1st July next, it would just save him from being at an actual loss.
